

PATHWAY TO PRESERVATION.... GET YOUR FOOTPRINTS HERE!

Manada Conservancy's footprints initiative is designed to allow individuals to directly contribute to land preservation projects to protect forests, open space, waterways, farms, wetlands, and wildlife habitat. All of our preservation work helps to ensure a healthy local environment and a sustainable future for all.

Each \$35 Footprint is another stop on our symbolic Pathway to Preservation--a gift that keeps on giving...to the future. Footprint contributions go into a fund which is specifically for the acquisition of new preservation lands.

We have chosen the concept "**Pathway to Preservation**" to emphasize the importance of moving forward together towards our goal of ensuring the health of our natural resources. Your certificate will be printed with one of a variety of wildlife (or human!) footprints, underscoring the fact that all living things are part of this journey of stewardship. Footprints may be purchased as either single certificates, or as a larger gift on one certificate containing multiple footprints.

Let us custom make your Footprints Certificates, and your holiday shopping is done!

Yes! I would like to purchase _____ footprints on Manada Conservancy's Pathway to Preservation. Please check as many boxes as apply:

- For myself _____ footprints
 For my friend _____ footprints

Name(s) as you would like written on the certificate:

(For additional names, use the back of this paper or attach a list with number of footprints desired for each friend. Be sure to let us know how you want the name(s) to appear on the certificate.)

Your name, address, and phone number:

I am purchasing _____ footprints at \$35 each, for a total amount of \$_____.

- I am enclosing a check.
 I would like to charge my footprint purchase to a credit card, and my number is:

_____ Exp. Date _____ CVV _____
